I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: To whom it may concern :

I have used all kind of medication prescribed by my doctor but nothing helped to relieve my symptoms due to PM's. It was so bad that I could not live a normal life anymore because of depression anxiety and sleeplessness until my doctor descr prescribed the compounded natural hormones that I receive every month from the Madison Pharmacy. I am a teacher I am back to work 5 days a week and I live a noemal life again thanks to the medicine. I can't oversee the disaster if the medicine could not be shipped out to me any more. Please don't do that to me.
